

AUERBACH BLOCK CHANGES OWNERS

Boyd Park Buys Building to Later Enlarge Jewelry Plant.

PRICE ABOUT \$200,000

NO CHANGES IN STRUCTURE TO BE MADE IMMEDIATELY.

A deal was consummated late yesterday afternoon whereby Boyd Park becomes owner of the Auersbach building, 166, 168 and 170 Main street. The amount of the consideration has not been made public, but it is said to be close to \$200,000. The deal will be filed today. The purchase was made by Henry J. Walden, general manager for F. Auersbach & Bro. The Auersbach block is a six-story structure, 61x111 feet. The second floor is occupied by W. E. Fire & Co., jewelry merchants, and D. A. Callahan's book and stationery establishment. The upper floors of the block are devoted to office space.

Samuel C. Park, who is interested with his father, Boyd Park, in the Boyd Park store at 170 Main street, and also in business at Denver, said last evening: "The purchase of the Auersbach block was made with the confidence that it will continue to be as good a property location as any place on Main street. This block is considered one of the best on the street. No changes whatever are contemplated immediately, but it will be a place where we will be able to enlarge our place of business. Our business has doubled within the last few years, and we are crowded for room in our department at the present time. When we enlarge our store and factory, the newly purchased property will be utilized."

Boyd Park is a pioneer in the jewelry business in Salt Lake. His original stock of jewelry, which was owned in partnership with Jervis Josling, deceased, was brought over the plains from the Missouri river to Denver by mule teams. It cost the pioneer firm \$400 to have the goods transported across country, and they had to make the trip on foot, following the wagon.

At Denver their business prospered, and in 1871 a store was opened in Salt Lake on Main street, only a few feet from the present Park jewelry store and factory is now located. In 1874 Mr. Park had the building which he now occupies erected.

The business of the Boyd Park jewelry store has grown into a large retail and manufacturing establishment. Some of the largest jewelry manufacturing plants in the country are not equipped with as expensive machinery as those employed at the Park establishment.

Horse Races at Ogden.
Special S. L. & O. (Lagoon Route) every day at 12:45 p. m. from May 5 to 11. Park \$1 round trip, including Ogden street car fare to race track.

RIO GRANDE TRAIN DERAILED.
(Special to The Herald.)

Paxson, May 4.—The Rio Grande passenger train which leaves this place at 8:40 bound for Eureka, was derailed about four miles south of here this evening. About 50 passengers were on board, and were taken to this place and the hotels and rooming houses are crowded to their capacity. Help was at once summoned from Salt Lake.

HER LIFE IN DANGER

If You Have Catarrh or Weak Lungs Read This Carefully.

"Some five years ago I was taken with a bad attack of bronchitis. I was affected with a bronchial cough and cold. The cough was very bad at night and I would wake up choking and gasping for breath and there seemed to be a terrible stoppage in my throat and tubes."

My throat was tender and irritable and had an aching sensation which was especially bad at times. I doctored and used several different remedies, but never received any permanent relief. The cough kept coming on and on until I used Hyomel. This remedy which to me is certainly infallible cured me, and to it I ascribe the cause of my being alive."

Hyomel certainly saved my life and I regard it the credit it deserves. There is nothing too strong for me to say of Hyomel.—Mrs. Ada Hopkins, 8 Cutter Ave., Coldwater, Mich.

Hyomel (pronounced High-o-mee) is breathed into the lungs through a hard rubber inhaler, and this soothing anti-septic air as it passes over the inflamed membrane soothes the inflammation, kills the microbes and cures catarrh.

Complete Hyomel outfit \$1.00, including inhaler, extra bottles 50 cents, at F. C. Schramm's, who guarantees

MI-ONA
Cures Indigestion

It relieves stomach misery, sour stomach, belching, and cures all stomach diseases money back. Large box of tablets 50 cents. Druggists in all towns.

DAVIS COUNTY TO HELP.

Commissioners Will Be Importuned to Assist in Defraying Expenses.

Kaysville, May 4.—John G. M. Barnes, who is a member of the general committee on entertainment of the G. A. R. veterans, is making a move in the direction of getting the Davis county commissioners to assist in bearing the expenses incident to the entertaining of the honored guests. A committee will be appointed by Mr. Barnes, representing the different branches of the county, and this committee will lay the matter before the commissioners at an early date. It is believed that there will be no opposition to the appropriating of funds by the county treasury for this purpose. The committee selected by Mr. Barnes consists of Joseph H. Grant of Woods Cross, David Stoker of Bountiful, Henry M. Blood of Kaysville, E. M. Whitesides of Panguitch, and W. E. Fire of Clearfield.

Pal Thomassen, the local agent of the Short Line, received word yesterday of the death of his aged mother, which occurred at the home of her daughter, Mrs. Cordia Hendricksen, of Levan, Juab county, on Sunday evening. The deceased, Mrs. Petrona Thomassen, was a native of Norway and was 76 years of age. She was the widow of Peter Olaf Thomassen, who died in Salt Lake in 1888. The deceased leaves two children. She was stricken with paralysis a few weeks ago and had been sinking ever since. The funeral will be held in the Christian church at Levan on Tuesday at 2 p. m. today.

The funeral services over the remains of the late Mrs. Vilate Bennett King were held Sunday at the Kaysville meeting house at noon. There was a very large attendance and many floral offerings. The speakers were Elders Ross Hyde, James Criddle, James Smith, John R. Barnes and Bishop Henry H. Jensen.

Information received from London is to the effect that William King, who has been seriously ill for a number of weeks, is not improving, and his condition is such that the gravest fears are entertained as to the outcome.

Mrs. Etta Streep of Centerville underwent an operation at the Kaysville hospital this morning for appendicitis, the work being done by Drs. Morton and Heath. The operation was successful and the patient is doing well.

An infant son of Mr. and Mrs. Boyd of Bountiful has been brought to the Kaysville hospital suffering from a broken arm and from spinal meningitis. The child is in such a serious condition that little hope of its recovery is entertained.

Cards are out announcing the marriage of Miss Rhoda Miller, daughter of Mr. and Mrs. William H. Miller of Syracuse, and Bert Raddon of Layton, which will be solemnized in the Salt Lake temple on Thursday of this week.

PROVO FORGING AHEAD.

Tax Valuation for 1909 Shows an Increase of \$104,809 Over Last Year.

Provo, May 4.—County Treasurer Beck reported to the city council last evening that the tax valuation of Provo city property for 1909 exclusive of property assessed by the state board of equalization, is \$2,580,770. This is an increase of \$104,809 over last year.

The Provo Juvenile band asked for \$50 a month for maintenance, and offered in return to furnish free music on public occasions. Referred to the committee on finance.

A petition for sidewalk paving on Second South street between First East and Seventh East streets was referred to the committee on streets and alleys.

A communication from Joseph R. Murdoch, president of the Provo Reservoir company, asking for a conference with the council with a view to adjusting differences between the city and the reservoir company regarding the appropriation of Provo river water by the reservoir company, was referred to the committee on waterworks, the city attorney and the mayor.

Mayor Decker was authorized to represent the council in the effort, jointly with the county commissioners, to secure the services of a road builder from the department of the interior to supervise the construction of the Provo-Olmstead boulevard.

At the meeting of the county commissioners held yesterday, the county clerk was authorized to join the Provo city council in making an application to the department of the interior for an expert to supervise the construction of the Provo-Olmstead boulevard. A report was made by W. H. Ray of the Commercial club finance committee to the effect that the committee had received subscriptions of between \$7.00 and \$10.00 of the \$10,000 pledged to be raised by citizens for the boulevard, and also that there was no doubt about the entire amount being collected. Mr. Ray also stated that President Brimhall of the Brigham Young university had offered, on behalf of the university, as he was desirous to have him deliver some lectures on road building before the students.

The matter of protecting the lower river bridge from high water was brought up by Road Supervisor Clinger, and it was decided to co-operate with the county in the work for the protection of the bridge. A petition was also received from property owners along the river banks asking that the river be kept free from debris. Supervisor Clinger was authorized to employ David Kinner to do this work.

Ellen Bartholomew, the 18-year-old daughter of J. W. Bartholomew, dislocated her ankle yesterday while playing ball. Dr. Payne was called and the patient is progressing nicely.

Sunday evening a song service by some of the best musical talent in the state will be given in folio hall.

A marriage license has been issued to Sydney W. Russell of Provo and Beatrice S. Moore of Salt Lake.

J. David Larson, manager of the Provo Herald and the Carbon County News, has gone to Price to look after the News for a day or two.

Oscar Tyler, a patient at the county infirmary from Millard county, left the infirmary Saturday and has not been located. Tyler gets the prospecting fever occasionally, and it is supposed the warm weather has brought it on. He is about 50 years of age.

CACHE COUNTY TO GO DRY.

Church Authorities in That County Have Taken the Matter in Hand.

Logan, May 4.—There is a probability that Cache county will adopt prohibition in spite of the action of the last legislature in refusing to pass a local option measure. At present the presbytery and high councils of the three stakes in this county are endeavoring to formulate a plan whereby the saloon evil here will be abolished.

The county will be asked to refrain from issuing any more licenses, and then the county commissioners will be petitioned to increase the county license so as to make it prohibitive. The city of Wellsville has already gone dry and it is believed that there will be no difficulty in inducing the others to follow Wellsville's lead. The plan contemplates the closing of the saloons not later than Sept. 29. It is pretty certain that Logan will go dry if it comes to the test.

Everything is in readiness for the celebration of Logan's natal day on May 6, the various committees having charge of the matter being ready with their plans. The big rough boulder to be unveiled on the tabernacle square has already been put in place, and the bronze tablets to be placed thereon are prepared.

The outline of the day's doings is as follows: Parade at 9 a. m. in which the veterans of '29 will be treated to an automobile ride, and in which there will be ox carts, hand carts and a big bunch of Indians from the Washakie reservation.

There will be a meeting on the tabernacle square and the monument will be unveiled. At noon an old-fashioned dinner will be served to the veterans.

Wrestling and other sports will take place in the afternoon, including a baseball game between the Boosters' nine and the Washakie Indians.

CLEARs THE COMPLEXION OVERNIGHT.

Pimples, Rash, Eruptions, Etc., Quickly Eradicated by New Skin Remedy.

Ever since its discovery, posium, the new skin remedy, has, in its extraordinary accomplishments, exceeded the most sanguine expectations of the eminent specialists who gave it to the world. It has cured thousands of cases of eczema and eradicated facial and other disfigurements of years' standing. The terrible itching attending eczema is stopped with the first application, giving proof of its curative properties at the very outset.

In less serious skin affections, such as pimples, rash, herpes, blackheads, acne, barber's itch, etc., results show after an overnight application, only a small quantity being required to effect a cure. Those who use posium for these minor skin troubles should immediately secure one of the special 50-cent packages recently adopted to meet such needs. Both the 50-cent package and the regular \$2 jar may be obtained in Salt Lake City at the F. J. Hill Drug company and other leading drug stores.

Samples for experimental purposes may be had free of charge by writing direct to the Emergency Laboratories, 32 West Twenty-fifth street, New York City.

FUNERAL SERVICES FOR JOB REEDING

Funeral services were held yesterday afternoon for Job Reeding, one of the well known citizens of Murray. Mr. Reeding succumbed Saturday to dropsy at his home in Murray, and was well known by a large circle of friends. The services were held at the First ward chapel, and A. J. Valquist officiated at the services.

Those who delivered addresses were J. J. Proctor, C. L. Miller, Richard Howe, C. Berger and C. Naylor. The Grant ward choir rendered music, and the floral display was beautiful. Old-time friends of Mr. Reeding acted in the capacity of pall bearers.

CONVENTION OF CLUBS.

Commercial Bodies of Southern Counties to Convene at Gunnison on Friday.

Ephraim, May 4.—The convention of the commercial clubs of Sanpete, Piute and Sevier counties will be held at Gunnison on Friday, and it is expected that a good representation from the clubs will be present. The committees for the en-

tertainment of the visitors were selected several weeks ago and are all hard at work to make this convention one of the memorable affairs of the city. The trains will arrive from the north and south shortly after 12 o'clock, after which the clubs will hold their meeting. They will then be entertained at a banquet and dance. Saturday the visitors will be entertained by the Spaulding-Livingston company and will be taken on an automobile sightseeing trip through the surrounding country. A special train will arrive from Salt Lake Friday with the governor and his staff. Fifteen automobiles will also arrive from Salt Lake during the evening.

Mr. and Mrs. Peter Anderson of Wales announce the marriage of their daughter, Lena, to Wales Thomas of that place. The marriage will be solemnized at the Mantle temple tomorrow, after which the couple will leave for Wales, where a wedding dinner and ball will be given in their honor. Mr. and Mrs. Thomas will be at home in Wales after May 15. Attorney Willard Hanson of Salt Lake made a business trip to Mantle during the past week.

Miss Maria Nelson and J. C. Peterson were married at the Mantle temple yesterday. President Lewis Anderson performed the ceremony.

WHEN THE KIDNEYS GIVE OUT

Backache, Rheumatism and Bladder Troubles Make Life Miserable.

Do you ever feel that you simply can't go any further—that you must have rest for that lame and aching back—relief from that constant dead-tired feeling—freedom from those stabbing, darting pains?

This is the condition that so often comes at middle age, bringing with it an extreme nervousness and irritability that makes others think you "cranky" and "hard to get along with."

Likely your kidneys are worn and tired and need help. In any machine there is one part that works the hardest and gives out first. The kidneys work night and day, removing from the blood the uric acid and other waste created by overuse of strength and energy. Naturally a life of unusual activity doubles the duties of the kidneys, and in time the strain tells.

With healthy kidneys, one has a good chance to live long, but weak kidneys afflict old age with great discomfort. The back becomes bent and lame, rheumatism is chronic, sleepless nights, and too frequent or involuntary passages of the urine cause embarrassment by day and loss of sleep at night.

Doan's Kidney Pills bring new strength to old backs, and quick relief to weakened kidneys. They banish backache and rheumatic pain, and regulate the bladder and urine. When once a proper filtering action is re-

DOAN'S KIDNEY PILLS

Sold by all dealers. Price 50 cents. FOSTER-MILBURN CO., BUFFALO, N.Y., PROPRIETORS.

Avoid Speculation—Insure Big Profits by Investing in Real Estate—

Buy Some Land in

LAURELHURST

No Other

Suburban District to Compare

With It

Plenty of Water. The Finest Soil. The Purest Air.

LAURELHURST is ideally situated, fronting on Twenty-Third East, between Eleventh and Twelfth South. No, that's not a long way out, only a few minutes' walk from car line. It will be "City Property" in a year or two.

LAURELHURST was opened last October with one hundred one-acre lots. Already 50 per cent of these lots has been sold during the past six months to as many representative citizens of Salt Lake, most of them bought for investment; some will soon build homes.

LAURELHURST is an elevated subdivision, lying between Emmigration and Parley's canyons. It has a south and west slope; is sheltered from the "biting" winds. Frosts are absolutely unknown in this section—all fruit trees are in splendid condition right now.

LAURELHURST has all the water that will ever be needed for irrigation or culinary purposes. All titles to land and water in LAURELHURST may be seen at the offices of the Salt Lake Security & Trust Co. The soil is peculiarly adapted to fruit culture—a deep, rich, black, sandy loam. There's big money to be made raising peaches here. "Anything will grow in LAURELHURST."

Acre Lots from \$550 to \$700

TERMS TO SUIT PURCHASERS.

LAURELHURST offers, by far, the best opportunity for desirable investments, and is bound to pay investors the biggest profits within the shortest time. Within two years' time you can safely count on getting as much for a 33x59 foot lot as you are now asked to pay for land ten times as big. See the property and you'll believe it.

LAURELHURST will soon have street car service—this is now assured. It will be an extension of the Emmigration Canyon railway, running down 23rd East from 9th South. Electric light is now immediately available. All home conveniences may be had.

LAURELHURST is "out of the smoke." Beautiful, clear, fresh and pure air all the time. It will be a Bon-Ton residence section. Buy now and "reap a harvest" later. The building restriction in LAURELHURST require at least \$2,000 homes. Many homes will be built at a cost of from \$3,000 to \$10,000.

LAURELHURST Property is Sold Only by

CHANDLER & SOULES CO.
